The Examination was monitored in the following ways:-

- A Central Control Room was opened to monitor and facilitate the smooth conduct of the Examination on the ground. **02** National Coordinators, **18** Regional Coordinators, **291** City Coordinators, **969** Observers, **156** Technical Observers, and **156** Deputy Observers were deployed.
- Live CCTV Surveillance was planned in all examination centres to curb malpractices in the examination. The NTA also made arrangements for live viewing of remote locations of all examination centres from the Control Room located in the NTA premises of New Delhi. Recording of CCTV Systems was also done.
- The examination centres were also monitored using AI-based Video Analytics and Virtual Observers.
- In order to stop cheating using mobile networks, Jammers were installed in all the Centres to prevent unfair practices by the candidates during the examination through mobile or any other electronic device. **The latest 5G Jammers** were installed at all examination Centres for the first time.
- NTA has implemented rigorous measures **to deter malpractices and ensure the examination's fairness, such as multistage verification, biometric authentication, EKYC, and frisking of the candidates, the invigilation staff, and any other associated functionaries.**
- The **AI tools** were deployed to ascertain the identity of candidates through cross-verifying the photo on the **Admit Card with the live photograph of the candidate** that was taken at the examination center, mandatory frisking, EKYC, etc.
- The surprise visits by flying squads to oversee the examination, deployment of full-time

Observers, utilization of AI tools to identify discrepancies in candidates' application details, and matching of their biometrics and particulars remotely through AI and also by physical thorough invigilation supervision, have been made to be put in place

The NTA took various steps to ensure candidates were facilitated at every stage of the examination. The following initiatives were taken by the NTA for the smooth conduct of the examination:

- *The date/shift/slot of examination was randomly allotted by the computer as per the normalization process. While allotment, it was ensured that each shift was equally distributed in terms of candidate count, gender, and category.*
- *AADHAAR Authentication was done at all examination Centres.*
- *Based on a post-examination analysis of candidate responses, observational data, and interesting statistical approaches, question-attempting logs were analyzed to identify suspicious similarities between submitted responses. Subsequently, the examination logs, behaviour, and CCTV recordings of candidates with suspicious similarities were examined in more detail.*
- *A detailed plan was chalked out to execute the examination. Control Rooms for Strict vigilance and monitoring were set up at NTA, New Delhi. Live feeds from Cameras installed in each of the Exam rooms/Labs were closely monitored by Virtual Observers who generated real-time alerts.*
- *A big pool of functionaries was deployed by NTA for providing biometric, frisking, CCTV, and Jammer Services, besides NTA's Officers and its own Observers, Virtual Observers, and Flying Squads to facilitate the smooth conduct of the examination*
- *If a candidate went for bio-break /toilet, he/she was asked to undergo the mandatory frisking and biometrics again.*
- *Bio-breaks were not allowed during the first hour and the last half an hour before the end of the test.*
- *Apart from the biometric attendance and frisking at entry, candidates were frisked, and biometric attendance was taken again on entry from the bio-break/toilets break.*
- *The PwD candidates were allotted to a PwD-friendly test Centre and extra organizational support was given to those candidates.*
- *For the centres outside India, close coordination was done with the Embassy of India / High Commission of India in those countries.*

The JEE (Main) being one of the most sensitive examinations, NTA made elaborate arrangements at various levels and took help from State Authorities for the smooth conduct of the examination.

To make the candidates and their parents aware of the rules and regulations of the examination, candidates were sent various e-mails on their registered e-mail numbers. SMS was also sent to

all the candidates to download “**Important Advisory and Instructions to the candidates for JEE (Main) - 2024**” along with the Admit Card.

The candidate’s particulars including Category and Person with Disability (PwD) have been indicated as mentioned by the candidate in the online Application Form.

In order to make the examination system transparent, the Question Paper and recorded responses along with the Answer Key were displayed on the website from **12 to 14 April 2024** for verification by examinees. After verification by the Subject Experts, the Revised/Final Answer Keys were published on the website on **22 April 2024**.

The “**Normalization procedure based on Percentile Score**” was used to ensure that candidates were neither benefitted nor disadvantaged due to the difficulty level of the examination.

As per the policy, the NTA does not release the raw scores, it only releases the percentile. The Percentile Score is the Normalized Score for the examination (instead of the raw marks of the candidate) and is used for the preparation of the merit lists.

NTA Scores are normalized scores across multi-session papers and are based on the relative performance of all those who appeared for the examination in one session. The Percentile Score indicates the percentage of candidates that have scored EQUAL TO OR BELOW (same or lower raw scores) that particular Percentile in that examination. Therefore the topper (highest score) of each shift will get the same Percentile of 100 which is desirable. The marks obtained between the highest and lowest scores are also converted to appropriate Percentiles as per the following formula:

$$\frac{100 \times \text{Number of candidates who appeared in the 'Session' with raw score EQUAL TO OR LESS than the candidate}}{\text{Total number of the candidates who appeared in the 'Session.'}}$$

The percentile of candidates appearing in various shifts of the JEE (Main) – 2024 Session 2 calculated as per the above formula and declared are being declared today.

Strict Action including debarment for 03 years has been initiated against 39 candidates on account of using unfair means (UFM).

The **NTA Scores for Paper 2A (B.Arch.) and 2B (B.Planning)** for the JEE (Main) – 2024 Session 1 will be issued separately.

The JEE (Main) – 2024 examination was conducted as per the norms and procedures followed for the conduct of any high-stakes examination thereby providing fair and equal opportunity for all candidates. The entire examination for all shifts was conducted smoothly and successfully.
